What We Are Up To

Dear NEPR Volunteers and Friends,

First of all let us say "Welcome to YOUR new Newsletter. We hope that you will find the information contained herein useful."

We have elected some new board members. Our board is eager to hear any suggestions that you may have to help this organization to continue to grow and evolve into the future.

Our first great idea was to produce this Quarterly Newsletter. NEPR has over seventy volunteers in seven states. Different volunteers are called upon depending on the situation. With more consistent communication with our volunteers, it will help us to know more about what is going on with the various rescued dogs and our plans for the future.

We would love to include a section about Rescued/Adopted Dogs with a write-up and a photo, please let us know if you are willing to contribute your dogs story to this section.

Each year Northeast Pyr Rescue rehomes approximately 50-75 Great Pyrenees dogs residing in the Northeast. We share our knowledge about this wonderful breed, their characteristics, behaviors, health concerns, and offer assistance to current owners to help them find solutions so their Pyr can remain at home with them.

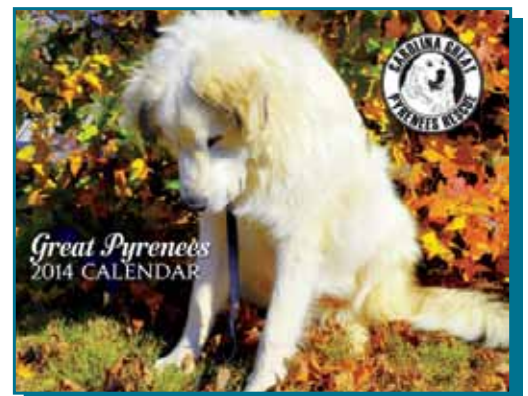

If you have any suggestions or requests for articles, ideas for the rescue groups, or activities you would like to plan in your area, questions for the upcoming Q&A section, or anything else you feel would be beneficial and interesting, please contact Angela Kisiel at the email on the left and she will be happy to research and share them. Your input is invaluable to us producing a useful newsletter for the future.

We would also like to have a Photo page of Rescued and Adopted Dogs. Please send photo with caption to Angela Kisiel.

This Newsletter is for you!

Together we CAN make a difference.

Like Us On 

Another order of business is to remind you that the 2014 Great Pyrenees Calendar is now available from Carolina Great Pyrenees Rescue to order. Please go to www.cgpr.org and click on order form. 🐾

Lookin' For Lovin'

NANUQ

Nanuq is a beautiful 15 month old pyr with a lovely personality.

She knows basic commands and loves children. She is working on her leash manners but loves to be outside in a fenced in area. She does not do well with free-range chickens. But then most Pyrs do not. She is a puppy brain in a big

body and needs to be trained. She needs a firm hand to direct her. 🐾

CHAMO

Chamo is a wonderful 4 year old male. He was originally purchased from a breeder who isn't in a position to take him back now. He has grown up with 4 children & his family had many people coming & going at his home & he does fine with all. He likes going to the dog park & plays well with others, having fun

the whole time. We would like to see him in a home with a yard, as currently he lives in the city of Boston with no yard. He is crate trained. Although he does not show food aggression, he will warn you not to take his treat away. He would love to curl up at your feet! 🐾

LET'S MEET BUDDY

Buddy is about 5 years old. He started off his life in Texas. His family was moving into an urban area so they were unable to take him with them. He was adopted

by a young couple. Unfortunately the couple broke up and Buddy traveled to the Northeast with his adoptive father. His owner then moved to CA and left Buddy to be cared for by relatives. Buddy received the love and attention

from two volunteers that took him to the vet and a groomer. Unfortunately, he needed to be shaved down but it has helped him feel more comfortable.

Buddy gets along with other dogs and cats. He prefers older children. He is gentle and has nice manners. Won't you consider being Buddy's final home... he sure deserves one. 🐾

Check out our Facebook Page to see the wonderful work being done with Buddy at Fitter Critters

Lookin' For Lovin'

ABBY

Abby is the sweetest girl you could ever meet. She is approximately 8-9 years old. She is just looking for a nice loving home to spend her final years.

Abby is scheduled for surgery on November 1st to remove a couple bladder

stones and an abscessed tooth. After that, she will be rarin' to go to her furever home.

Please consider this wonderful senior as a new addition to your family, as she will definitely make it feel complete. 🐾

CAN'T ADOPT DONATE!

Many senior and sick dogs are often passed up for adoption, but still need a Loving, Caring Home. NEPR provides just that, in abundance.

If you would like to sponsor or donate to one of these worthy cases, please go to the Getting Involved section of our website and go to Donations!

www.nepyresq.org

Remember, every little bit helps!!!

IZZY

Izzy is a 3 year old spayed female. She gets along with other dogs. The current owner must rehome her due to barking issues with the neighbor.

She is not food aggressive or destructive in the home. She is leash, house and crate trained.

She is up-to-date on her shots. 🐾

READY!

The beauty of a Great Pyrenees can take your breath away, but they are unique dogs which require dedicated owners who have thoroughly researched the traits of the breed. Feel free to visit our website at www.nepyresq.org for information to start your journey!

If you are interested in meeting one of our available pyrenees, please complete our application at <http://www.nepyresq.org/page/adoption-application-36.html>

Please include any questions in the comments field of the application. Keep in mind that we are a volunteer organization and encourage serious inquiries only.

**Make a Difference in a Pyrs Life,
and They Will Make One in Yours!**

Upcoming Events

GROUP WALK

Pyrs, Owners and Families, come take a walk.

(aka a mellow walk)

When: November 16, 2013

Where: Nevers Road Park, South Windsor, CT

Time: 11:00am, meet in the Parking Lot

It is a wonderful place with an open field, wooded area with wide trails and a dog park. Located directly across the street from the SW Police Dept. Look for the Pavilion visible from Nevers Road and you will find Kat and her two Pyrs, Rufus and Katie.

The trails are accessible to all ages and walking ability levels. You are also welcome to bring a picnic lunch for some social time after the walk.

Another perk about South Windsor, is that there are many shops that are DOG FRIENDLY at Evergreen Walk Shops. People ARE ALLOWED to bring their dogs into many of the stores as you shop! So why not have a lovely hike then go shopping on a beautiful Sunday afternoon?

Please RSVP to Kat at yodasci@sbcglobal.net if you can to join us, or for any questions about the hike. 🐾

If you have an event or function coming up in your area, please email the information to Angela Kisiel at pymom2@gmail.com. Please put Newsletter in the subject field.

Together We Will Make This a Success!

Tempting Treats

ROLLED OAT COOKIES

Makes approx. 4 1/2 dozen

INGREDIENTS

- | | |
|--------------------------------|------------------------------|
| 1 cup rolled oats | 3/4 cup cornmeal |
| 1 tablespoon white sugar | 2 1/2 cups all-purpose flour |
| 1 teaspoon brown sugar | 1 cup boiling water |
| 1 cube beef bouillon, crumbled | 1/3 cup butter, softened |
| 1 tablespoon poultry seasoning | 1/2 cup milk |
| 1 tablespoon mild paprika | 1 egg |

DIRECTIONS

Preheat the oven to 325 degrees F (165 degrees C). Grease cookie sheets.

In a bowl, stir together the oats, brown sugar, white sugar, poultry seasoning, paprika, beef bouillon, cornmeal and flour.

In a separate bowl, stir together the butter and hot water until butter melts. Stir in the milk and egg. Add mixture to dry ingredients. Mix until well blended.

(The dough will be stiff. If it is too stiff, add a bit more water. If it is too sticky, add more flour.)

On a lightly floured surface, knead the dough for a few turns. Roll out to 1/4 to 1/2 inch thickness, and cut into squares or into desired shapes using cookie cutters. Place treats about 1 inch apart on the prepared cookie sheets.

Bake for 30 to 35 minutes in the preheated oven, until lightly browned and firm. Let cool for 10 or 15 minutes. Cool, store in an airtight container at room temperature. 🐾

FITTER CRITTERS

Swimming Pool • Under Water Treadmill • Rehabilitation • Exercise • Performance

Fitter Critters was established in November 2000 to provide reasonably priced rehabilitation and conditioning programs for canine companions and education for their owners.

Jody Chiquoine is a Certified Canine Rehabilitation Therapist and a member of the American Canine Sports Medicine Association. She has completed canine rehabilitation courses with the Canine Rehabilitation Institute in Loxahatchie, Florida, the NorthEast Seminars/University of Tennessee Veterinary School and attends the International Canine Rehabilitation Conferences.

The need for support following surgery, injury or illness was inspired by our Newfoundland, Zowie, following a traumatic injury and also by Jody's extensive clinical rehabilitation experience with people who benefit from rehabilitation.

Gift Certificates Available!

Rehabilitation can help with:

- Orthopedic Problems
- Arthritis
- Performance Evaluations
- Spinal Cord Injury
- Accidents
- Neurological Conditions
- Bowel and Bladder Retraining
- Gait Retraining
- Sight and Hearing Impaired
- Ramp Teaching
- Wheeled cart measurements and use

and rehome Great Pyrenees throughout the Northeast!

Custom-Etched Glassware and Ceramics

Rainbow Bridge
That little old house is a place called
Rainbow Bridge. When an animal dies
they have especially nice houses here that
are just for the Rainbow Bridge. When an
animal dies and goes to the Rainbow Bridge,
they can rest and play again. There is
a place for every animal and everyone who
loves them.
When you are ready to go, you will
see a rainbow and a white dog. The white
dog will be waiting for you and will
take you to the Rainbow Bridge. When
you get to the Rainbow Bridge, you will
see all the animals who have died and
are waiting for you. You will be happy
and you will play and rest and be
with your animal friends for ever and
ever.
When you are ready to go, you will
see a rainbow and a white dog. The white
dog will be waiting for you and will
take you to the Rainbow Bridge. When
you get to the Rainbow Bridge, you will
see all the animals who have died and
are waiting for you. You will be happy
and you will play and rest and be
with your animal friends for ever and
